<b>SUBJECT:</b> Jaguar Land Rover South Bay											

Jaguar Land Rover North America proudly announces the recent completion of the Jaguar Land Rover South Bay ARCH facility. Congratulations to AutoNation and the entire team at Jaguar Land Rover South Bay.

Dealer Principal: Steve Kwak  
 Centre Manager: Linda Terashita

### Facility Information:

Address: 3233 Pacific Coast Hwy, Torrance, CA 90505  
 Building Size: 39,000 Sq Ft  
 Showroom Display: 10 Vehicles  
 Service Bays: 32 Service Bays

### Notable Features:

The construction type is a renovation of a former Infiniti dealership. This facility incorporates a terraced floor plan that takes advantage of the existing building structure and sloping topography of the site. As a result, the customer core is split on two separate levels providing amenities for both the sales and service levels. The design also includes rooftop parking above the service department. The new ARCH facility is strategically located on the Pacific Coast Highway adjacent to the Mercedes-Benz dealership and within close proximity to other luxury brands.
